[ABOUT]

梅結び Ume-Musubi

With its delicate five-petal flower shape, the Ume-Musubi (梅結び) is a traditional Japanese knot inspired by the plum blossom, or ume—a symbol of resilience, protection, good health, and the hope of flourishing.

During the SJ60 Takashimaya 2026 event, personalise your Ume-Musubi or Bracelet with a handmade charm with Kobo Jewellery, creating a one-of-a-kind keepsake that carries a special wish for yourself or someone dear to you.

Customise your Ume charms with personalised engraving and melee gemstones. Choose from a selection of Ume knots and charm shapes to create a meaningful piece.
